Category: Permanent Senior Teaching and Research
Doctor (if applicable): PhD in Computer Science
Department: Computer Languages and Systems (LSI)
Centre: School of Engineering, Bilbao
Email address: koldo.gojenola@ehu.eus
Phone: +34 94 604 4401

Graduate in Computer science. Member of the IXA research Group on Natural Language Processing. I have participated in research projects, developing applications that process texts robustly, efficiently and with high precision and coverage. I work on morphological, syntactic and semantic processing of Basque, Spanish and English. I also work on the application of linguistic and statistical techniques to the processing of medical texts. I review papers on high quality conferences as EMNLP, NAACL-HLT, and COLING. Teaching proficiency in Spanish, English and Basque. Two positive research evaluations from the Spanish Ministry of Education. Directed Phd theses: 3. Publications in Thomson Reuters Web of Science (Q1): 5. Total cites (Google Scholar): 926
